Manuel "Pops" Palacio is a legend at Cathedral High. Not only for his professional work at CHS but for his quiet generosity to the student athletes. Behind the scenes Pops made sure that students who couldn't afford shorts, shoes or other athletic equipment had what they needed to participate. He never asked to be paid back and we will never know how many lives he affected with his gifts.

Now we are giving back to his legacy and to the athletes of Cathedral High by raising money to provide sports equipment for the next generation. Please join us for this fundraising event because you never know how far a kid will go until you give him shoes.

For Tickets - Contact:
